PRESENT : J. JAYANATH. IPS

Sub : Purchase of 12V 150AH 21 Plate Light Weight Batteries for the use of Police Telecommunication by Tender- Cancellation Orders issued - reg.

Ref : 1.Tender No: 02/2013 dated 07/10/2013 of SP Telecommunication.
2.This office order of even number dtd.22/11/13

ORDER NO: E1/3283/2013/TELE DATED: 9 /12/2013

Tender No.02/13 for the purchase of 12V150AH 21 Plate Batteries vide reference cited 1st has been opened on 06/12/13 at 11.30AM.The technical evaluation Board for verification of samples for the above mentioned tender assembled on 04/12/13 and arrived at the following conclusions. Batteries named EXIDE,BOSCH,AMCO,BOSS,DEW-X and CELCO participated for the sample verification. Batteries named DEW-X and CELCO showed poor performance. The batteries were also tested at Central Workshop. The Board recommended to purchase any of the batteries named EXIDE,BOSCH,AMCO and BOSS and preferred EXIDE and BOSCH due to the built in charge indication of the batteries. Even though the built in indication of the charged batteries exist in the Exide and Bosch. But the committee for the tender financial bid,while opening financial bid, it is found that AMCO quoted for the least amount,but it was rejected as the quote involved buy back system. Hence the committee selected Boss the next lowest bidder.As this brand is not used in our department or any other places known to us, the committee asked the vender to submit samples for verifying charging/discharging after recharging.But the BOSS has not submitted the sample for verification. In the above circumstances tender invited vide letter read as 1st above is cancelled and it is decided for re-tender process.
