CIRCULAR No. 30/2015

Sub: Pension-short comings noted—instructions for strict compliance
Ref: Article 212 of Kerala Treasury Code—Volume I

It is found that issuing of NLC and LPC are delayed even after the retirement of officers on superannuation for flimsy reasons. Existence of PR or any other objection should be rightly reported without keeping the paper idle, so that superior officers can decide the merits of the issue. LPC of the retired NGOs should be issued on the next day of retirement itself and pay for the last month should be drawn in the last month itself. No delay will be tolerated on this account. Drawing and Disbursing officers concerned and Unit Heads will be personally responsible to ensure this aspect. A compliance report on this will be furnished to PHQ on 10th of every month as a periodical report. In case of non-receipt of the report, concerned officer will be summoned to PHQ in the first instance followed by Unit Head himself.

All officers are directed to follow the above instructions in letter and spirit and ensure its compliance. Compliance report about these aspects in Police Headquarters will be reported by Manager, PHQ on the above date. Needless to remind once again that Unit Heads along with concerned supervisor will be personally responsible for any lapse in the above areas of work in future.
