Statement from State Police Chief

In certain section of the media it has been stated that the State Police Chief has ‘confirmed’ that ‘Love Jihad’ is there in Kerala which is not correct and which has been totally misunderstood. What I have said only is that we are keeping an eye on the allegations from various quarters that there is radicalization through conversion using various means taking place in Kerala. The honorable Supreme Court has ordered an enquiry on such an allegation in one case. So it is our duty to find out whether that is correct or not. Till now we do not have such data to confirm whether the so called ‘love jihad’ is prevalent in Kerala.
