State Police Chief recommended forming C-DAC Model Society in Kerala Police

The State Police Chief Loknath Behera has recommended the State Government for forming a Society in line with C-DAC for equipping the police with knowledge in Cyber Security and Cyber Forensics. It was initiated after the Chief Minister directed the State Police Chief to equip the police force to face all cyber related crimes in a meeting chaired by the former with the Senior Police Officers.

In his recommendation, the State Police Chief has stated that the society would serve to enhance the infrastructure of computer forensics, provide consultancy services, equip Kerala Police with awareness of advancements in the field of cyber science and cyber forensics and to encourage research and development in these fields. The Society will also be tasked with creating an Information Technology Cadre (IT) cadre within the police force. Experts and retired hands from the service would be included in the society. Managing committee of the society may include State Police Chief, IT Department Secretary, IT Mission Director, CEOs of Technopark and Infopark, one representative each from Kerala startup mission, National Informatics Centre and C-DAC and one expert each from 3 Corporate with 2 Year duration. The Head of the State Crime Records Bureau, ADGP Headquarters, IGP Administration, SP ICT, SP Tele Communications, Additional AIG, Director, Forensic Science Laboratory and System Administrator have been recommended to include as members of the society.
